

ATHLETICS

1. The tournament will be executed in accordance with the regulations of the International Athletics Federation, as periodically embraced by AFI, unless specified otherwise.
2. Each college is allowed to enroll up to ten male athletes and ten female athletes.
3. Each college is permitted to register a maximum of two athletes for individual events, excluding relay races, where a team of four players can participate.
4. Whenever feasible, any changes should be communicated at least thirty minutes prior to the commencement of the event.
5. In a conventional eight-lane track, the allocation of lanes and advancement to subsequent rounds will adhere to AFI regulations for the 100m and 200m runs.
6. The competitions will be held for the following events :

Men	Women
100m	100m
200m	200m
4*100m Relay	4*100m Relay
Long Jump	Long Jump
High Jump	High Jump

7. Points awarded for individual positions—1st, 2nd, 3rd, and 4th—are 5, 3, 2, and 1, respectively. In relay races, the point distribution will be 10, 6, 4, and 2 for the corresponding positions. The sum total of points secured in all the events in athletics by a college will determine 1st, 2nd, 3rd and 4th positions in Athletics.

8. The top athlete for both males and females will be determined by the highest total points earned in the Athletics championship. In the event of a tie for the best athlete, precedence will be given to the athlete who has broken the greatest number of meet records. If the tie persists, the award will be conferred upon the player with a superior team category rank..

9. In the event of a tie for an individual competition, points will be evenly distributed among the tied athletes and colleges, as outlined in the following table. For relay events, the points will be doubled, given the increased significance of relay events. If the number of tied players/teams exceeds four, a random draw will determine the selection of four players/teams, and points will be allocated accordingly.

Position tied for	Number of tied players/teams		
	2	3	4
1	4	3.33	2.75
2	2.5	2	1.5
3	1.5	1	0.75
4	0.5	0.33	0.25
